

POULOMI PAUL

Bhubaneswar, India | poulomi2206@gmail.com | +91-9830524246

PROFILE

Third-year CSE student with solid programming fundamentals in Java, Python, and C, and a growing interest in data and machine learning. Comfortable working with data using Pandas and Excel, and familiar with the basics of front-end development. Outside of tech, active in writing, public speaking, and organising large-scale college events.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

KIIT University, Bhubaneswar

2023 – 2027

CGPA: 9.44/10.0

High School Diploma

Delhi Public School Ruby Park, Kolkata

2021 – 2023

94% | Scholar Badge Awardee

TECHNICAL SKILLS

Languages: Java (Proficient), Python, C, SQL, HTML, CSS, JavaScript

Data & Analysis Tools: Pandas, Excel (data cleaning, analysis, basic visualisation), Jupyter Notebook, Stata, SPSS

ML: Beginner – exploring supervised learning concepts

PROJECTS

Mood-to-Playlist Engine

Python · NLP · Spotify API · Deezer API

- Built an NLP pipeline that maps natural language mood descriptions to Spotify audio features (energy, valence, tempo, etc.)
- Ranked 1,686 tracks using a weighted proximity scoring algorithm to find the best match for a given mood
- Integrated Deezer API to serve 30-second track previews directly within the application

Movie Recommendation System

Python · Pandas · Jupyter Notebook

- Built a content-based recommendation system using a Kaggle dataset – suggests movies based on genre and series similarity
- Handled data preprocessing and feature selection; added a user input feature to generate personalised suggestions

LEADERSHIP & EXTRACURRICULARS

Lead, Inkspire – KIIT Wordsmith (*Official Literary Society of KIIT*)

- Managing a team of 50+ members, overseeing content creation and editorial processes
- Consistently published monthly articles and led multiple content development initiatives

Public Speaking

- Awarded Best Adjudicator at Vivaad 2.0 debate competition

Event Organisation

- Part of the organising committee for 4+ events including KIIT MUN 2025, Pratijja v20, and Lines II Love

Hackathons

- Selected among top 50 teams institution-wide in Smart India Hackathon 2025 internal round
- Reached the penultimate round of the Providence India Hackathon

CERTIFICATIONS

• CRF Summer Internship Programs

May 2025

• Java Course – Elabs

May – Jun 2025

• CodeSprint 2.0: 45-Day Coding Challenge

Dec 2024 – Jan 2025

• Ethical Decision Making in Tech – University of Colorado Boulder (Coursera)

LANGUAGES

English (Fluent) · Bengali (Native) · Hindi (Fluent) · German (Elementary – KIIT School of Languages)
